

– TERMS AND CONDITIONS OF SERVICE –

Effective April 1, 2007

Community Energy, Inc. (CEI) offers United Illuminating (UI) and Connecticut Light and Power (CL&P) customers the choice of electricity generated from environmentally superior resources, specifically wind power and low impact hydro, from the Mid-Atlantic region under the brand NewWind Energy[®]. This is an agreement between CEI and you, the customer, for the delivery of wind and low impact hydro-generated electricity to the Mid-Atlantic power grid as a participant in the **CTCleanEnergyOptionsSM** program.

Under this Agreement, you will remain a generation services customer with your current electric supplier. Your electricity will continue to be delivered via UI's or CL&P's distribution network, and UI or CL&P will continue to send your monthly bill, and provide energy-related emergency response. Signing up for this product does not interfere with your pre-existing electric service from UI, CL&P or alternate electric supplier if you have chosen one, and all costs associated with your purchase under this agreement are in addition to your standard rates for Delivery and Generation Services.

Wind and Low-Impact Hydro Annual Delivery Arrangements

An arrangement will be made by CEI on your behalf for the delivery of electricity produced from wind-generation and low impact hydro power facilities to the Mid-Atlantic power grid in the amount of your annual purchases. The production of electricity from wind and low impact hydro electric sources varies daily and seasonally, so the amount of wind and low impact hydro generated electricity supplied can vary with production from one month to the next. Annually, the total amount of wind and low impact hydro energy delivered on your behalf and for your account will equal the total amounts of wind and low impact hydro energy purchased.

Billing and Payment

Your renewable energy charge will appear as an additional line item on your normal UI or CL&P electric bill. You agree to pay the additional renewable energy charge shown below for the product you purchase:

100% Renewable Usage: 50% New Wind/50% Low Impact Hydro adds 1.1 cents per kilowatt-hour based on actual usage

50% Renewable Usage*: 50% New Wind/50% Low Impact Hydro adds 0.55 cents per kilowatt-hour based on actual usage (*Remaining 50% is standard New England system mix.)

These charges are in addition to your standard Delivery and Generation Services charges for all of your monthly electricity usage. The monthly renewable energy charges will vary with your actual electricity use each month, just as your standard electricity billing varies month to month. You will be notified in the event of a change in the premium rate for renewable energy or the product content sixty days in advance of such change, and will be provided with the opportunity to opt out.

Cancellation Policy

You or CEI may cancel this renewable energy agreement and discontinue charges on thirty-days notice for any reason without penalty, including if your account should fall into more than sixty days of arrears. You may cancel by calling us at 1-866-WIND-123, or by writing to us at Community Energy, Inc., 201 King of Prussia Rd, Suite 500, Radnor, PA 19087, or by calling CL&P at 800-286-2000, United Illuminating at 1-800-722-5584. Cancellation of this agreement will not cause the termination of your electric service.
